CITY COUNCIL MEETING
November 3, 1993

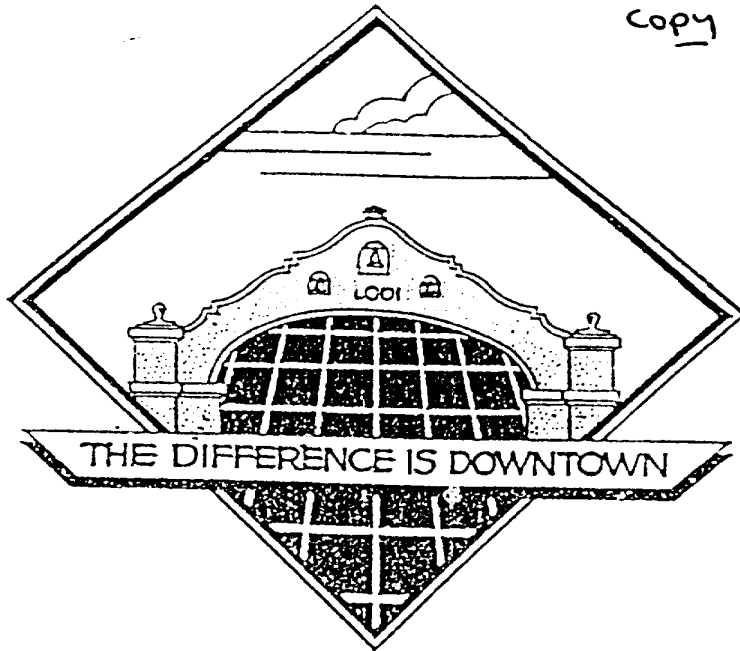

COMMENT REGARDING BUSINESS LICENSE FEES

Ken Cantrell, President of the Lodi Downtown Business Association, commented that there is talk around town regarding increased business license fees. Mr. Cantrell indicated that several of the downtown business owners were present, and that at the Monday night meeting of the Lodi Downtown Business Association they tried to come up with viable ways of raising revenue to improve the business climate of Lodi. He also commented that when fees are raised, they should benefit the business community that pays the fees and indicated that the Lodi Downtown Business Association passed a simple resolution regarding the business license fees. Mr. Cantrell continued to say that seeing what the East side Improvement Committee has done is a fine example of what we would like to continue doing to improve Lodi.

Mayor Perrino mentioned that the topic of business license fee increase would be on the December 1, 1993 agenda.
